It may be difficult at times...

- Most people who start a New Year's Resolution fail on the first day.
- Usually this happens because they do it alone.
- Commitment, Planning and Discipline are Necessary for Success...
- This Program takes care of the Planning and Supports You through the Process
- The rest is up to you to make the decision, show up and do the work.
- How motivated are you?

So How Much Is It???

Regular Price - \$997

- 90 Days of Golf Swing Fitness Videos
- Weekly LIVE Support
- Nutrition Plan

Since it's a New Year, and we believe in COVID relief - \$497 (50% off)

Take Action NOW and cut that in half AGAIN - \$249

Think About it...

Most Golfers spend more than twice that purchasing a single club, usually with little results...

How much does a round of Golf cost?

How frustrated are you when you pay that and never improve?

What is Longevity Worth to You?
